

Description

Snipe is a stylish LED module luminaire designed for the comfort of the installation and environment. Comprising of long life LEDs giving constant, even, light distribution without any spotting. With its centralised reeded and opalised basket effect and graduated illumination across the side panels, it meets Part L2 energy targets whilst taking into consideration the LG7 criteria. Snipe has a steel housing finished in white RAL 9010 and is the perfect solution for any office, boardroom or numerous other areas. Dimmable control along with other options as below make Snipe an ideal replacement for fluorescent luminaires and can offer great savings and a fast pay back. (Please email for more details if survey required)
