

Surface/Suspended IP65 (Option) LED

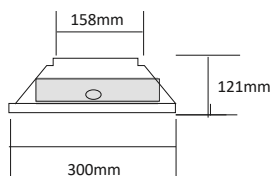

SKUA

Description

Skua is a quality surface or suspended LED luminaire, ideal for industrial, warehouses, sports halls, cold stores or anywhere requiring an efficient output at a high level. Using the latest, quality LEDs with an equally efficient heatsink we can offer a slim design in 3 different lengths and outputs to suit the application.

The Skua has a steel housing finished in white with a microprism diffuser with various outputs and efficiency of up to 129lm/W.

Dimmable control along with other options as below make Skua an ideal replacement for conventional luminaires and can offer great savings and a fast pay back. (Please email for more details if survey required)
