

Adjustable compact LED Downlighter

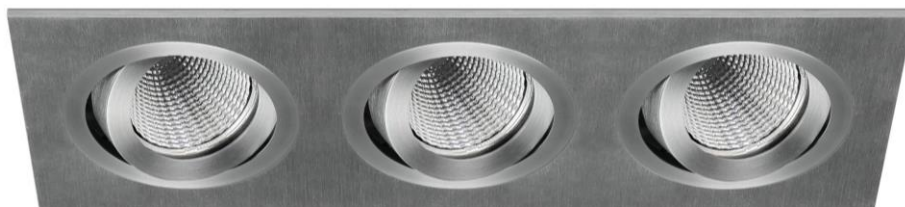

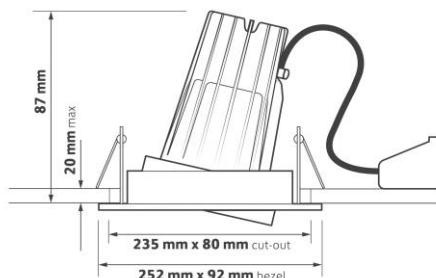

Sparrow SQ 3

Description

Sparrow SQ 3 is a small adjustable Triple LED downlighter, in terms of design and features it offers both flexibility and efficiency and can be used either flush or adjustable making it an ideal solution for many feature applications. Sparrow SQ has a Tridonic LED module and is fitted with an IP44 protective lens as standard. Available in White, Brushed Aluminium or black, other RAL colours available on request.

Sparrow SQ 3 is also available in single twin versions enabling continuity throughout design. It is also an ideal replacement for LV downlighters, giving the benefits of LEDs.

Please contact us for any further information or if a survey is required.
