

Surface or suspended LED Downlighter

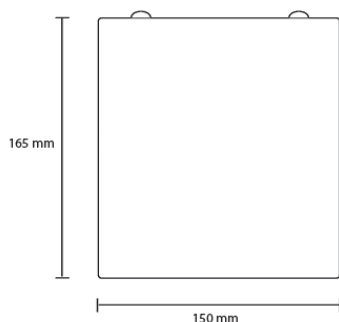

Crane S

Description

Crane S is a Surface or suspended LED downlighter, designed for direct mounting onto solid ceilings or where the ceiling void is too shallow for recessed fittings.

Crane S houses a satin etched reflector as standard but other options available as below. Using Tridonic LED and module it provides an excellent optical efficiency and extra long life. With its simple yet practical design it meets the needs of numerous applications and has a variety of attachments to compliment any enviroment.

Please contact us for more details.
