

Surface Decorative LED Office luminaire

TANAGER

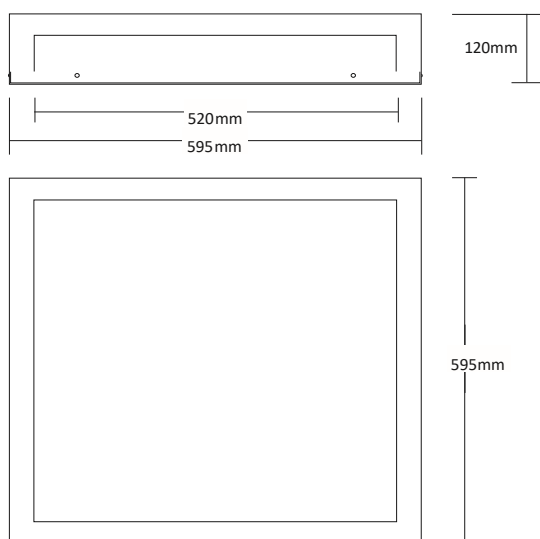

Description

Tanager Surface is a unique fitting, designed to give interest to any environment. The MPO diffuser is optimised for even light distribution across the surface of the luminaire and UGR19. The state of the art LED sources guarantee that this is all achieved with very low energy consumption, far exceeding Part L energy targets.

Options are available for CRI90, Opal diffuser, Dali etc.

Tanager Surface is an ideal solution for numerous areas where something slightly different is required for visual interest, it is an ideal replacement for fluorescent luminaires and can offer great savings and a fast pay back.

Please email for more details if survey required

For Black body please suffix part number /BLK
