

Surface Decorative LED Wall or Ceiling

ARDEA

Description

Ardea Surface is a unique fitting, designed to give interest to any environment. The Opal diffuser is optimised for even light distribution across the surface of the luminaire and the polycarbonate diffuser gives a robust finish. The state of the art LED sources guarantee that this is all achieved with very low energy consumption, far exceeding Part L energy targets.

Options are available for Dali, emergency or any special requirements

Ardea Surface is an ideal solution for numerous areas where something slightly different is required for visual interest, Ardea looks superb in corridors and stairs.

Please email for more details or if a survey is required.

For Black body please suffix part number /BLK
