

Description

Roller LED Industrial luminaire is available for surface or suspended installations. Roller is designed specifically for industrial warehouses, sports halls, cold stores or anywhere requiring an efficient output at a high level. Using the latest, quality Philips LEDs and driver there are 6 LED segments and 33 LEDs per segment giving an exceptional efficacy up to 142Llm/Tcw.

Daylight Dimming, sensor and emergency are all an option along with other options as below. It is an ideal replacement for fluorescent luminaires and can offer great savings and a fast pay back.

Please contact us for more details or if survey required.
